QUESTIONS FOR GROUPS

- What works well in qualifications currently being delivered?
- What specialties do we need to consider in the review? Is a working group required for each?
- What attributes are important to your area? Are there others to add to the list?
- What difference does a qualification make in getting paid work?
- To what extent do we need specialists and generalists? Is an all-rounder more employable?
- What theories of learning and teaching inform current qualifications in beauty services?
- What should be taught in class and what needs to be taught in the working environment?
- Are beauty services qualifications keeping pace with technological changes?
- How well do beauty services qualifications prepare graduates to be self-employed?
- What workforce planning has been developed to identify future needs and demands?
- List the type of jobs for each specialty.
- List the type of skills gained from this specialty.
- What else should be considered?
